The Words

Christina Perri

All of the lights land on you The rest of the world fades from you And all of the love I see Please please say you feel it too And all of the noise I hear inside Restless and loud, unspoken and wild And all that you need to say To make it all go away It's that you feel the same way too

And I know The scariest part is letting go 'Cause love is a ghost you can't control I promise you the truth can't hurt us now So let the words slip out of your mouth

And all of the steps that led me to you And all of the hell I had you walk through But I wouldn't trade a day for the chance to say My love, I'm in love with you

And I know The scariest part is letting go 'Cause love is a ghost you can't control I promise you the truth can't hurt us now So let the words slip out of your mouth

I know that we're both afraid We both made the same mistakes An open heart is an open wound to you And in the wind there's a heavy choice Love has a quiet voice Still you mind, now I'm yours to choose

And I know The scariest part is letting go Let my love be the light that guides you home

And I know The scariest part is letting go 'Cause love is a ghost you can't control I promise you the truth can't hurt us now So let the words slip out of your mouth
