Givin' It Back

Christine McVie

You made me calm
After the storm
And you gave me strength darlin'
Made me feel safe and warm

So much love
So many lessons learned
For all that you gave me darlin'
You wanted nothing in return

That's why I'm givin' it back
Givin' it back, givin' it back to you
I am givin' it back
Givin' it back, givin' it back to you

When there was doubt
You gave me faith
When there was emptiness all around me
Well you know you filled that space

That's why I'm givin' it back
Givin' it back, givin' it back to you
I am givin' it back
Givin' it back, givin' it back to you

When you feel it
Why don't you pass it along
And then you'll never, no never, never go wrong

So I tripped and I fell
I got lost for a little while
But you caught me in your loving arms
Rescued me with your smile

That's why I'm givin' it back
Givin' it back, givin' it back to you
I am givin' it back
Givin' it back, to you
