

The Challenge

Christine McVie

When you're alone at night
Does it feel all right
And does your heart feel content
Lord knows I hope it might

Chorus:

On every corner you turn
There's a heartache
Well, love's a challenge
A chance that you've gotta take
I've been alone before
And it's a tough one for sure
Isn't there someone you need
I hope it might be me

Chorus

Now every corner I turn seems so unkind
And you're the challenge on my mind

Chorus
