

# All About Sex

Christopher

Everybody's goin' at it, it's not hard to see  
It starts with him, it starts with her, it even starts with me  
And every time I look around, it's flower and the D  
But I ain't talking alphabet, say

And when we talk about it, baby you get super tense  
But when we talk around it, you just treat me like a friend  
And although while you're talking, I'm just staring at your tits  
But that's called thinking with your dick (what?)

It's all about sex (woohoo)  
It's all about sex (woohoo)  
You gotta love sex (woohoo)  
You know you love that bang-bang, boogie-boogie  
Baby give it to me, to me

Sex is what I'm thinking when I'm picking up the tab  
And all I'm really tryna do is get you in the cab  
And even though we're tired, we're not here to take a nap  
Cuz we gon' be here all night long

And everybody's acting like you don't even exist  
And everybody's acting like the kids ain't having kids  
And everybody's kissing and they don't even know Prince  
I'm tryna make it purple rain babe

It's all about sex (woohoo)  
It's all about sex (woohoo)  
You gotta love sex (woohoo)  
You know you love that bang-bang, boogie-boogie  
Baby give it to me, to me  
Sex (woohoo)  
It's all about sex (woohoo)  
You gotta love sex (woohoo)  
You know you love that bang-bang, boogie-boogie  
Baby give it to me, to me

Now you lookin' at me kinda strange  
But you know that's not gonna change a thing, ah  
You tryna come over for a movie night  
And I'm only tryna see you what that booty like  
People go on dates, ok  
Know one day, wanna skip that stage  
Think they just found their soulmate  
Find out that the sex ain't great, wait  
See all the time you already knew what was on your mind  
You know want-want that bump and grind, baby  
Got-got you working overtime, baby  
That three letter word  
Got the same meaning all around the word  
And I ain't even gonna prove it  
Cuz the truth is

It's all about sex (woohoo)  
It's all about sex (woohoo)  
You gotta love sex (woohoo)  
You know you love that bang-bang, boogie-boogie

Baby give it to me, to me  
Sex (woohoo)  
It's all about sex (woohoo)  
You gotta love sex (woohoo)  
You know you love that bang-bang, boogie-boogie  
Baby give it to me, to me  
Sex (woohoo)  
It's all about sex (woohoo)  
You gotta love sex (woohoo)  
You know you love that bang-bang, boogie-boogie  
Baby give it to me, to me
