Christopher

(Hey Hey Hey Hey Hey Hey  
Who you think it is)  
[x2]

Tell me who you see  
When you notice me  
Would you like a taste  
of how it is, to be me  
Mix a little fame, with a little game  
And I'm so proud to say, you're almost on your way

Like, I'll be all up in the spot  
all the ladies looking hot  
Got me feeling on top  
yeah yeah yeah  
Everytime we're in the club  
you know we gonna turn it up  
'cause we don't give a fuck  
yeah yeah yeah

Players gonna play  
All the haters gonna hate  
Imma do it my way  
Yeah yeah yeah  
And I can't even lie, little mama looking fly  
And she all about my side, like

Christopher, yeah that's me  
Coming out your radio and your TV  
Christopher, yeah that's him  
You might wanna go ahead and cuff your girlfriend  
Christopher, and late in that dream  
Listen all around and you can hear the girls scream  
Christopher, yeah that's me  
Coming out your radio and your TV

(Hey Hey Hey Hey Hey Hey  
Who you think it is)  
[x2]

All eyes on me  
you're wanna know what it feels like  
I'll take you there  
you know everybody dream about it  
feel the heartbeat when I walk by  
Give them one smile then they start cry  
Imma break it down  
this is in every town

Yeah, yeah...

I'll be all up in the spot  
all the ladies looking hot  
Got me feeling on top  
yeah yeah yeah  
Everytime we're in the club  
you know we gonna turn it up

'cause we don't give a fuck  
yeah yeah yeah

Players gonna play  
All the haters gonna hate

Yeah yeah yeah  
And I can't even lie, little mama looking fly
