

Real Life

Christopher

Hold on
There's a reason we're so strong
No we don't break
We made mistakes but it's okay

And we've been up for hours
We've been up for days
Worrying about the, things that we can't change (yeah)
So tell me what's the use
There's no way I can lose
'Cause I got you, I got you

Is this what Heaven feels like? Oh, oh, oh
This just can't be real life, no, oh, oh
It took some time to realize, oh, oh, oh
After all we've been through
The good times only feel like they do
'Cause we kept the bad ones too

Had a bad day, had a rough week
Baby don't worry, put it on me
'Cause I got you, I got you

And we've been up for hours
We've been up for days
Worrying about the, things that we can't change (yeah)
So tell me what's the use
There's no way I can lose
'Cause I got you, I got you

Is this what Heaven feels like? Oh, oh, oh
This just can't be real life, no, oh, oh
It took some time to realize, oh, oh, oh
After all we've been through
The good times only feel like they do
'Cause we kept the bad ones too, ooh ooh, ooh ooh
The bad ones too, ooh ooh, ooh ooh
Baby I got you, when you back hurts too

I know we don't break
We made mistakes but it's okay

Is this what Heaven feels like? Oh, oh, oh
This just can't be real life, no, oh, oh
It took some time to realize, oh, oh, oh
After all we've been through
The good times only feel like they do

Is this what Heaven feels like? Oh, oh, oh
This just can't be real life, no, oh, oh
It took some time to realize, oh, oh, oh
After all we've been through
'Cause we kept the bad ones too, ooh ooh, ooh ooh
We kept the bad ones too, ooh ooh, ooh ooh
Baby I got you, when you back hurts too
After all we've been through
'Cause we kept the bad ones too
