

Life Light Up

Christy Nockels

With You, I can go anywhere...
I can do anything
'Cause You are the song I bring...

With You, You are the air I breathe
'Cause You are my everything
And I am Your offering...

I may live and I may die
Either way You're glorified
Bless the day I give my life away!

Let my life light up like the city lights
And let it burn for You in the darkest night

In You, I can begin again
I'm part of a bigger plan
'Cause You are the Great I Am!

In You, Your life is in my veins
And You've broken all my chains
'Cause You are the God Who reigns!

My light will shine on earth
And my Father will be praised!!
