

Light As A Feather

Chromatics

Streetlights flicker just for me
Wake up, falling in a dream
I hear a voice
She whispers secrets from the dead

(Light as a feather)
Streetlights flicker just for me
(Nothing lasts forever)
Wake up, falling in a dream
(I'm light as a feather)
I hear a voice
(Nothing lasts forever)
She whispers secrets from the dead

(Light as a feather)
Streetlights flicker just for me
(Nothing lasts forever)
Wake up, falling in a dream
(I'm light as a feather)
I hear a voice
(Nothing lasts forever)
She whispers secrets from the dead

(Light as a feather)
Streetlights flicker just for me
(Nothing lasts forever)
Wake up, falling in a dream
(I'm light as a feather)
I hear a voice
(Nothing lasts forever)
She whispers secrets from the dead

(I'm light as a feather
Nothing lasts forever)
She whispers secrets from the dead
(I'm light as a feather)
Sometimes it's better left unsaid

(I'm light as a feather
Nothing lasts forever
I'm light as a feather
Nothing lasts forever
I'm light as a feather)
