

# Hard to Say No

Chromeo

It's hard to say no  
It's hard to say no  
It's hard to say no  
It's hard to say no

I'm ashamed to say that I couldn't help myself  
This temptation is something else  
When you're far away the isolation gets the best of me  
It's a recipe I know all too well

And I try to vocalise  
Exactly what I'm doing wrong  
When your face is filled with tears  
Coz you tried to compromise  
But you really can't go on  
You've had it up to here

Now I would always want you  
As a lover as a friend  
But some days a man needs space from his relationship  
It ain't hard to comprehend

It's hard to say no  
It's hard to say no

I've been around the world and back  
I know what you associate with that  
I know you have trouble trusting me  
But I held my own (but I held my own)  
It doesn't take away from the fact  
Something changed the minute I came back  
I haven't felt the same from not seeing you so long

Now I try to rationalise  
Exactly what I'm doing wrong  
When your face to face with fears  
I know you tried to compromise  
But you really can't go on  
You've had it up to here

Now I would always want you  
As a lover as a friend  
But some days a man needs space from his relationship  
It ain't hard to comprehend

It's hard to say no  
It's hard to say no  
It's hard to say no  
It's hard to say no

Now I would always want you  
As a lover as a friend  
But some days a man needs space from his relationship  
It ain't hard to comprehend
