

# I Could Have Danced All Night

Chubby Checker

I could have danced all night  
I could have danced all night  
And still have begged for more

I could have spread my wings  
And done a thousand many things  
I've never, I've never, never done before

I'll never know what made it so exciting  
Why all at once my heart took flight  
I only know when she began to dance with me  
I could have danced, danced, danced all night

I could have danced, I could have danced, I could have danced a  
ll night  
And dance through the bass some more

I could have spread my wings  
And done a thousand many things  
I've never, never, never done before

I'll never know what made it so exciting  
Why all at once my heart took flight  
I only know when she began to dance with me  
I could have danced, danced, danced all night

(Could have danced, could have danced all night) Come on!  
(Could have danced, could have danced  
Could have danced, could have danced all night  
Could have danced all night)

(Could have danced, could have danced all night  
Could have danced all night  
Could have danced, could have danced all night  
Could have danced all night)
