

# Long Water

Chuck Ragan

Long water carry me  
Long water humble me  
Till I believe in the sea  
Know that im free

Those rocks wet with slaughter  
Through the jaws i have fought her  
In the mist, the crushing cascades  
Through the torrent along the levee

Long water carry me  
Long water humble me  
Till I believe in the sea  
Know that im free

Though the braided channel meanders  
Through the wind pole blowed and timbers  
Oh i pray to reach the tail water  
Oh unscathed by the force of nature

Long water carry me  
Oh, long water humble me  
Till i believe in the sea  
Know that im free  
Know  
Know

Long water summon me  
Long water humble me  
Till i believe  
I believe  
Unseen sea  
Mm-mm
