

# The Land Of Do What You're Told

Chumbawamba

**G** **D**  
Have a word with your Patron Saint  
**Ami** **C**  
Cover up the cracks with a lick of paint  
**G** **D**  
All the exits are all double-locked  
**Ami** **C** **GDAmi**  
Because St Sebastian sways but doesn't rock

Here's to you - you put up a fight  
You're the last to leave, now turn out the light  
You danced to the Devil and the Feathery wife  
Now the Ordnance Survey is mapping out your life

Look at the small print: it's what we agreed -

Sign your name before we teach you how to read

**G** **D** **Ami C**  
This is the land, the Land of Do What You're Told  
**G** **D** **Ami C**  
The Land of the Free: if you don't leave the fold  
**G** **D** **Ami C**  
Smile a little wider as you're waiting to be sold

This is the land, the Land of Do What You're Told

I'm a celebrity - let me in here  
One last jump from the end of the pier  
We breached the wall, but I was too tired to run  
My Get Up And Go got up and now it's gone

Look at the small print: it's what we agreed -  
Sign your name before we teach you how to read

This is the land, the Land of Do What You're Told  
With a little lip service to breaking the mould  
Smile a little wider as you're waiting to be sold  
This is the land, the Land of Do What You're Told  
(We're going on strike for twelve per cent  
We're not downhearted yet  
They're filming it all for a reality show  
So twelve per cent we'll get)
