

I Run It

Ciara

Yeah, yeah, oh, oh, oh

After tonight, tonight, tonight
I'mma be your favorite (oh yeah)
All night, all night, all night, all night
I'mma be the one chasin
I'mma get on this stage and sing like a bird
ow, ow, oww
And I'mma get on your page baby like a writer, ow, ow, ow
I'mma break it down
Oh, yeah, baby, I'mma I'mma turn you out, yeah ow
Just watch me and my love start to develop like a picture

Oh now tame me, brace me, hold me down
That's it rough, soft, turn me around
Baby, I'm gonna do it till I've done it
and the next time they ask ya,

You tell them that I run it (you know I) run it (you know I), run it,
it's mine.
I run it (you know I) run it (you kno I) run it, boy, you know
I run it (you know I) run it, (you know I) run it, it's mine
I run it (you know I) run it (you no I) run it, oh, oh.

Alright, alright, alright, alright
Gimme what you got an I'ma take it
(I'mma take it, tell me what you gonna do when I'm all up on you)
Won't fight, won't fight, won't fight, won't fight
Shawty won't you go ahead and break it
(Break it, baby get up on it show me that you want it)
In the kitchen, in the hallway, up on the sofa, ow oww
Call me pop, pop, pop, pop, poppin this thang like a toaster oww
Lift off into the sky, and exit earth
And let this ATLien give you what you deserve

This instant im gone

(I'm gonna) tame me, brace me, hold me down
That's it rough, soft, turn me around
Baby I'm gonna do it 'til I've done it
And the next time they ask ya

You tell them that I run it (you know I) run it (you know I), run it,
it's mine.
I run it (you know I) run it (you kno I) run it, boy, you know
I run it (you know I) run it, (you know I) run it, it's mine
I run it (you know I) run it (you no I) run it, oh, oh.
