

Reel 2, Dialogue 2

Cinerama

And when you left your diary
I took the opportunity
To make a brief inquiry
About a name I could see
But when I dialed his number
To ask if he'd spent the night alone
He said: "I don't remember"
And put down the phone

I can't believe this
What were you thinking?
How could you do that?
Had you been drinking?
Do you want to know
What made me do it?
Well it's because
You drove me to it

Well you can think that if you want to
Do you really believe you had no choice?
Remember you're the one who
Slept with someone else
But you can't come here and say that
You've never loved me all along
It's kind of weird the way that
You can be so wrong

I can't believe this
What were you thinking?
How could you do that?
Had you been drinking?
Do you want to know
What made me do it?
Well it's because
You drove me to it

If you're so clever
You'll already know why
I have to tell you
This is: "Goodbye"
No, don't touch me
Please don't come near me
Don't think about it
Don't you hear me?
