

Reach For Me Now

Cirque Du Soleil

Reach for me now
I'm here waiting for you
All that I want
Is your warm hand in mine

Whisper your name
Please let me hear your voice
Don't drift away
Come hold me in your arms

I'm yours forever
You're all I'm searching for
Don't let this storm
Take you far away from shore

Cry out my name
I want to hear your voice
All that I need
Is your gentle hand in mine

Reach for me now
You're all I'm longing for
Don't let this storm
Take us far away from shore

All that I want
Is your warm hand in mine
Don't drift away
Come and hold me in your arms.
