

Discrete Routine

Citizen

Transient soul
You utter my hymn
From under your breath
From under your breath
Abandoned one
You've learned to forgive
But I have not yet
But I have not

She's fooled everyone, now
Where does she go?
Where does she go?
She's fooled everyone now
So where does she go?
Where does she go?

Volatile scene
A crack in the sky
Peeking inside
Peeking inside
Discreet routine
The timing's not right

The timing's not right
The timing's not

He's fooled everyone, now
Where does he go?
Where does he go?
He's fooled everyone now
So where does he go?
Where does he go?

Transient soul
Transient soul
Transient soul
Transient soul

He's fooled everyone, now
Where does he go?
Where does he go?
He's fooled everyone now
Where does he go?
Where does he go?
(Where does he go?)
