

I Can't Make You Love Me

City Sleeps

The shadows are alive without you
There in my heart you broke in two
I went down to my knees for you and tried to make believe
But you can't say that it's not true, whoa

I'm coming to get you baby
I'm coming to get you baby
I'm coming to get you baby
I can't make you love me
No I can't make you stay
Love is far above me
When I let you run away

Remember life was almost over
Even sheltered halls will flood with rain
I hope the lights are green from silver sheets and diamond rings
Will be enough to ease your pain, whoa

I'm coming to get you baby
I'm coming to get you baby
I'm coming to get you baby
I can't make you love me
No I can't make you stay (I can't make you love me)
Love is far above me
When I let you run away

The shadows are alive without you
There in my heart you broke in two
I can't make you love me
No I can't make you stay (I can't make you love me)
Love is far above me
When I let you run away (I can't make you love me)

And I can't make love me
And I can't make love me
And I can't make love me
