

Frenetic Amnesic

CKY

A blackout: they peel him off of the floor
Frenetic Amnesic
He's delirious, he thinks he's been here before
Frenetic Amnesic
No recall, not one familiar face
Frenetic Amnesic
The moulded man has been completely erased
Frenetic Amnesic

Everybody's after me
You could be the enemy
You seem too happy to reveal yourself
There's no resentment here

Frenetic Amnesic
Completely in the dark,
Try to pave a way with no chance and no reason
Not knowing who you are...
Looking for the truth it ain't there
You can't believe them

Everybody's after me
You could be the enemy
You seem too happy to reveal yourself
There's no resentment here
What you see is what you get
Two seconds later I forget
You seem too happy to reveal yourself
There's no resentment here

No recall there's no familiar face
Frenetic Amnesic
The moulded man has been completely erased
Frenetic Amnesic
