CKY

(Unknown)  
Look at you amount to nothing  
(Unknown)  
Probably wasn't meant to be  
(Unknown)  
Overthrown your castle is crumbling  
(Unknown)  
And Losing is your destiny

(Unknown)  
You were born to deceive others  
(Unknown)  
You were born to run and hide  
(Unknown)  
More and more, you're undiscovered  
(Unknown)  
Underneath your thin disguise

Unknown enemy  
Ain't no threat to me  
Unknown enemy  
You won't let me be

(Unknown)

(Unknown)  
Where's your shame, the great pretender  
(Unknown)  
Far from who you thought you'd be  
(Unknown)  
Another name I won't remember  
(Unknown)  
Yet you'll never forget me

You won't let me be
