

## Anti-Christian Warfare

### Clandestine Blaze

anti-christian warfare  
reign supreme  
blaze in the house of lord  
their crossess and statues  
destroyed to pieces  
priests hanged in trees  
crucifixes shoved up  
virgin nuns cunt

their hypocritical values  
destroyed the human essence  
seeds on unreal "good"  
shall be destroyed before growth  
they tried to whipe it all away  
but our power has grown again  
joined forces in war  
against cristian disease
