When You Say You Love Me

Clay Aiken

I've been watchin' you from afar And the way you make your way around the bar You laugh like your really entertained And you smile like it's your favorite game

Now you're movin' closer to me Then our eyes are connected emotionally I'm not lookin' for a one night stand Or a place for a broken heart to mend

I know everybody here wants to hold ya I know what it's like cause I feel the same When you look in my eyes There's a part of me that's still afraid

And when you say you love me Do you mean it? Baby when you hold me Do you feel it?

Should I believe the magic in your eyes I would wait until the end of time, To hear you say you love me Like you mean it Baby when you hold me Make me feel it

All I want to do is make you mine I've been hurt way too many times

They say, if you want to make God laugh Then all you gotta to do is tell him your plans I know that the timing's not right Didn't know that I would meet you tonight

It's not that I don't really like the attention I feel like the only man in the room Are you really sincere? Is this just somethin' that you do?

And when you say you love me Do you mean it? Baby when you hold me Do you feel it?

Should I believe the magic in your eyes I would wait until the end of time, To hear you say you love me Like you mean it Baby when you hold me Make me feel it

All I want to do is make you mine I've been hurt way too many times

Again and again and again I've been hurt my friend til the end

You know I've been high, I've been low I got no place left to go

Again and again and again When will this search ever end?

And when you say you love me Do you mean it? Baby when you hold me Do you feel it?

Should I believe the magic in your eyes I would wait until the end of time, To hear you say you love me Like you mean it Baby when you hold me Make me feel it

All I want to do is make you mine I would wait until the end of time

Baby say you love me Come on baby say you love me

To hear you say you love me
