

# A Swingin' Affair

Cliff Richard

Ours will be a swingin' affair  
We won't be tied; we'll be as free as air  
For we won't care what tomorrow brings  
It'll be just one of those swingin' things

Ours will be a swingin' affair  
We will just be a very casual pair  
For love won't make us an April fool  
Now we both decided we'd play it cool

We'll share a few laughs  
We'll share an old date  
We'll share a few kisses  
When it's growing late  
And though the stars and moon may shine up above  
We'll enjoy the magic  
But we won't fall in love

Ours will be a ring-ding-ding  
Just for kicks we two will have our fling  
And we'll have fun other time to spare  
For we'll both (all) enjoy our swingin' affair

Hey it's high, a swingin' affair  
We won't be tied; we'll be as free as air  
For we won't care what tomorrow brings  
It'll be just one of those swingin' things

Ours will be a swingin' affair  
We will just be a very casual pair  
For love won't make us an April fool  
Now we both decided we'd play it cool

We'll share a few laughs  
We'll share an old date  
We'll share a few kisses  
When it's growing late  
And though the stars and moon may shine up above  
We'll enjoy the magic  
But we won't fall in love

Ours will be a ring-ding-ding  
Just for kicks we two will have our fling  
And we'll have fun other time to spare  
For we'll all enjoy our swingin' affair

We'll enjoy the magic  
But we won't fall in love  
Ours will be a ring-ding-ding  
Just for kicks we two will have our fling  
And we pretend we're in another world  
This is more show much more than a swingin' affair
