

Birds Of A Feather

Cliff Richard

We can fight, disagree
But it won't change what's in me
There's no pride, can't deny
I'll be right there by your side, always

There's no explaining this relation
There's only six degrees of separation
To the wall, we won't fall
Because small conquerors all

Even now, the weather
We'll ride the wind together
You and me
We're birds of a feather
Birds of a feather

You know what I mean?
You know I do

Like a hammer and a nail
Hey. we both understand
We can do great things
Got the power in our hands

For us, there seems to be no limit
If there's a prize, we're gonna win it
To the wall, we won't fall
Because small conquerors all

Even now, the weather
We'll ride the wind together
You and me
We're birds of a feather
Birds of a feather
Yeah, yeah, yeah, oh oh oh

We got history, we got a bond
And the legend lives on and on and on and on
You and me
We're birds of a feather, oh

Even now, the weather
We'll ride the wind together
You and me
We're birds of a feather

Even now, the weather
We'll ride the wind together
You and me
We're birds of a feather

Even now, the weather
We'll ride the wind together
You and me
We're birds of a feather
