

Do You Ever

Cliff Richard

No I don't believe in love any more
I know now it ain't real
'Cause I've heard people say
No matter what, true love conquers all
And it hurts so bad
I'm here alone

No I don't believe in love any more
You said you'd always be here
And now you're going away
And I can't feel this pain in my heart
And it hurts so bad
I need to know

Do you ever think of me
Ever think of me
Ever since we said, "It's over"
Are you ever missing me
Ever missing me
Baby, did you even love me

Don't even know why I wait up any more
There's no one coming back here
I miss you more each day
And I can't even give you a call
And it hurts so bad
Where did we go

I don't pray of waking up any more
But in the life that I live
I wish my dreams would stay
It's the only world where I'm in your arms
And it hurts so bad
I need to know

Do you ever think of me
Do you think of me
Ever since we said, "It's over"
Are you ever missing me
Are you missing me
Baby, did you even love me

Wonder what we could have been
Thought this love would last forever
You turned into my best friend
No one living knows me better

And there's nothing I can do
(There's nothing I can do)
But try to make it through
(Try to make it through)

So baby could you please let me know
(Do you ever) Think of me, think of me
Ever since we said, "It's over"
(Are you ever) Missing me, missing me
Baby, did you even love me

(Do you ever) Think of me, think of me
Ever since we said, "It's over"
Did you ever miss me, ever need me
(Are you ever) Missing me
(Are you ever) Missing me
Baby, did you even love me

I don't believe in love any more
No, I don't believe in love any more
