

Do You Wonder

Cliff Richard

What happened to the life we knew
And the things we used to do
I'm talking about the love we knew
And all the things we used to do

The places where we used to go
And all the friends that we used to know
What happened to the life we knew before

I am calling, I am asking you
Do you think about me
And the life we knew

Do you wonder
Are you curious
Do you wonder, wonder, wonder
About us

I think about you all the time
I think about you every day
I think about the times we had
That never should have been this way

I never should have gone away
I never should have left you that way
What happened to the life we knew before

I am calling, I am asking you
Do you think about me
And the life we knew

Do you wonder
Are you curious
Do you wonder, wonder, wonder
About us
Oh oh oh...

The places where we used to go
And all friends that we used to know
What happened to the life we knew before

Are you lonely
Ever lonely now
Do you think about me
And the life we knew

Do you wonder
Are you curious
Do you wonder, wonder, wonder
About us

Do you wonder
Are you really curious
Do you wonder, wonder, wonder
About us

Do you wonder

Are you curious
Do you wonder, wonder, wonder
About us

Do you wonder
Are you curious
Do you wonder, wonder, wonder
About us
