

Handle my heart with love

Cliff Richard

Your sweet embrace, your hand in mine
So close together
How many times I've made you mine
Is this forever?
Promises and dreams we've shared
Do you remember?
Oh, here we are, so near and yet so far
From each other

Handle my heart with love
Don't let me hope in vain
Only your touch can save my heart
From breaking again

So handle my heart with love
Stay and you'll ease my pain
Only your touch can save my heart
From breaking again

Your gentle smile, your tender touch
So captivating
No other love has meant this much
And I'll go on waiting
One day in your arms I'll hear
This is forever
I know it's there, though right now it's hard to care
For each other

Handle my heart with love
Don't let me hope in vain
Only your touch can save my heart
From breaking again

Don't make us part
Please don't break my heart again
