

# I Don't Wanna Lose You

Cliff Richard

What do I do  
We've already said our last goodbyes  
But I'm missing you  
And I don't want our love to die  
I wrote me a song  
To tell the whole wide world  
About what went wrong  
When I didn't have a single doubt  
It left me so confused  
I don't know where to turn  
'cause living without you, it hurts

I don't wanna lose you  
I don't wanna let you go  
I could never let myself  
Fall in love with someone else  
Waiting in the pouring rain  
Crying for your love again  
'cause I don't know what else to do  
I don't wanna lose you

All my friends  
They tell me it's time for moving on  
No more pretence  
Someone will surely come along  
But how can I believe  
In every word they say  
They'll never know how much  
How much you mean to me
