

# I Got a Feeling

Cliff Richard

Yeah, I got a feeling  
That I'm gonna get you  
Say, I got a little feeling  
That it won't be long  
I hold you in my arms and baby  
That's where you belong

Say, I got a feeling  
You think about me  
Well, I got feeling  
And I hope it's true  
'Cause nobody else could want you so  
And love you like I do

Well, I got a feeling that our love  
Was meant to be... oh, yeah  
Well it had a big wild world of happiness  
Just waiting for you and me

So why don't you tell me  
You love me only?  
'Cause I got a feeling  
Too really do, really do  
And I never had this feeling  
'Til I fell in love with you, yeah

Well, I got a feeling that our love  
Was meant to be... oh, yeah  
Well it had a big wild world of happiness  
Just waiting for you and me

So why don't you tell me  
Till love the new only  
'Cause I got a little feeling  
Too really do, really do  
And I never had this feeling  
'Til I fell in love with you  
'Til I fell in love with you  
'Til I fell in love with you
