

I'm Willing to Learn

Cliff Richard

I oughta know, I wanna know
I gotta know how kisses can burn
So won't you to treat me right
And won't you hold me tight
'Cause I'm willing to learn

I oughta give I wanna give
I gotta give my heart in return
I may not know too much
But when I feel your touch
I'm willing to learn

Baby, baby, don't you fess me out
Teach me, teach me, what love's about
I didn't know, I couldn't know
But now I know that this is my turn
If I've been wasting times
It's been disarm of mine
I'm willing to learn

Oh, baby, baby, please don't you fess me out
Teach me, teach me, what love's about
I didn't know, I couldn't know
But now I know that this is my turn
If I've been wasting times
It's been disarm of mine
I'm willing to learn
I'm willing to learn
I'm willing to learn
