

Maybe Someday

Cliff Richard

Someday, a better time will come
Someday, maybe someday
One day, we both can live as one
One day, maybe someday

And I won't be afraid to be strong
I'll be able to show my feelings
Show you all my feelings
Someday, maybe someday

Someday, the pain will surely pass
I know it will happen
You say that our time will come at last
I know that I'll be there

And I won't be afraid to be strong
We'll be able live together
We can live together
Someday, maybe someday

Someday, a better time will come
Someday, maybe someday
One day, we both can live as one
One day, maybe someday

And I won't be afraid to be strong
I'll be able to show my feelings
Show you all my feelings
Someday, maybe someday
Someday, maybe someday
