She's Gone

Cliff Richard

I've been waitin' here for you since nine
I get sick 'cause waitin' normal time
I know you went and treatin' me like you should
I guess some gonna leave for good

The tickets I bought for the show tonight Ain't no use because you're not in sight I wonder what for guy you're cheatin' now? I'll find him and warn him somehow But she's gone

Well, if you want me you can chase me 'round For you know all the places where I'm found I don't care if I never hear from you I guess you'll never ever be true But she's gone

But she's gone, but she's gone But she's gone, but she's gone
