

Tell Me

Cliff Richard

Tell me
Woh-woh-woh, please tell me
Yeah-yeah-yeah, please tell me
Tell me how you feel

When I see you looking pretty
Then I think it's such a pity
You don't seem to realize
That I can see it in your eyes

So tell me
Woh-woh-woh, please tell me
Yeah-yeah-yeah, tell me
Tell me how you feel

When you say now, don't be blue
Then go out with somebody new
You break up my heart inside
I just want to run and hide

So tell me
Woh-woh-woh, please tell me
Yeah-yeah-yeah, tell me
Tell me how you feel

Why do you try to break my heart?
What's so wrong with me?
If I was a fool from the start
Then maybe, baby, you had better tell me

Woh-woh-woh, yeah-yeah-yeah
Please tell me, tell me how you feel

Why do you try to break my heart?
What's so wrong with me?
If I was a fool from the start
Then maybe, baby, you had better tell me

Woh-woh-woh, yeah-yeah-yeah
Come on and tell me
Woh-woh-woh, how do you feel?
Tell me how you feel, tell me how you feel, tell me...
