## The Best of Me

## **Cliff Richard**

So many years gone Still I remember How did I ever let my heart believe In one who never gave enough to me

And so many years gone With love that was so wrong I can't forget the way it used to be And how you changed the taste of love for me

You were my one more chance I never thought I'd find You were the one moment I'll always have in my mind

No one will ever touch me more And I only hope that in return I might have saved the best of me for you

And we'll have no ending If we can hold on And I think I've come this far because of you Could be no other love but yours will do

You were my one more chance I never thought I'd find You were the one romance I'll always have in my mind

No one will ever touch me more And I only hope that in return I might have saved the best of me for you

No one will ever touch me more And I only hope that in return No matter how much we have to learn I might have saved the best of me for you

For you, I saved the best of me You were my one more chance You were the one romance

You were my one more chance You were the one romance You were my one more chance You were the one romance

You were my one more chance You were the one romance You were my one more chance
