Up Where We Belong

Cliff Richard

Who knows what tomorrow brings In a world where few hearts survive All I know is the way I feel When it's real I keep it alive

The road is long There are mountains in the way But we climb a step every day

Love lift us up where we belong Where the eagles cry On a mountain high Love lift us up where we belong Far from the world we know Up where the clear winds blow

Some hang on to used to be Live their lives looking behind When all we have is here and now All our lives Out there to find

The road is long There are mountains in the way But we climb a step every day

Love lift us up where we belong Where the eagles cry On a mountain high Love lift us up where we belong Far from the world we know Up where the clear winds blow

Time goes by No time to cry Life's you and I Alive, today

Love lift us up where we belong Where the eagles cry On a mountain high Love lift us up where we belong Far from the world we know Up where the clear winds blow
