## We Kiss In A Shadow

## **Cliff Richard**

We kiss in a shadow We hide from the moon Our meetings are few And over too soon

We speak in a whisper Afraid to be heard When people are near We speak not a word

Alone in our secret Together we sigh For one smiling day To be free

To kiss in the sunlight And say to the sky Behold and believe what you see Behold how my lover loves me

Alone in our secret Together we sigh For one smiling day To be free

To kiss in the sunlight And say to the sky Behold and believe what you see Behold how my lover loves me Loves me, she loves me
