

# What's Behind The Eyes Of Mary

Cliff Richard

What's behind the eyes of Mary  
What can she be thinking of  
She's living in a daydream every day  
She never has a single thing to say

What's behind the eyes of Mary  
Oh those eyes of Mary  
They hypnotize me  
But Mary doesn't know

What's behind the eyes of Mary  
Is she dreaming dreams of love  
I wonder if she ever thinks of me  
If only she'd wake up and let me see  
What's behind the eyes of Mary

Maybe one day she will open the door  
And show me more than any man could ever wish for  
With that hope inside I wait for a sign  
A look, a line, believe me that is all I live for

Ah what's behind the eyes of Mary  
Is it everything I need  
The seed of love which when it starts to grow  
Will take me by the hand and let me know  
What's behind the eyes of Mary  
Is it love

What's behind the eyes of Mary  
Is it everything I need  
The seed of love which when it starts to grow  
Will take me by the hand and let me know  
What's behind the eyes of Mary  
Oh those eyes of Mary  
Is it love
