

Break The Silence

Climie Fisher

I hear what you say and you hear what I say
Truth is we don't seem to see things the same way
Such isolation with no communication
Truth is the truth isn't safe from temptation
But how could I walk away
And leave so many words unspoken
How could I walk away
And pretend it doesn't matter to me
Like my world would not be shattered completely
Break the silence
Talk to me I'll talk to you
Break the silence
Show me that you need my lovin' too
Feelings are hidden and fruits are forbidden
Why must it be this way
Mysteries masking the candle as it flickers

Why don't you let me into your secrets
Break the silence talk to me I'll talk to you
Break the silence show me that you feel the way I do
So how could I walk away
And leave so many words unspoken
So how could I walk away
Pretend it doesn't matter to me oh baby
When I know my world would shatter completely
If you don't let me into your secrets
Break the silence
Talk to me I'll talk to you
Break the silence
Talk to me I'll talk to you
Break the silence
Show me that you feel the way I do
Break the silence
