

Playas we ain't the same, I'm into 'caine and guns  
Show par with the fishes, make the face lift numb  
Out in Panama in that amazing sun, I'm amazing, son  
You niggas wonder where my grace is from  
I speak with corrupted tongue  
Recognized the underworld since I was young  
Back in '84 when I saw Crocket & Tubbs as the law  
These eyes got big when they televised that raw  
My mama should've seen it comin'  
Me runnin' up and down the stairs too quick  
Hummin' Miami Vice theme music  
Called the 'roin made me colder  
I see the villains' impact, now that I'm older  
Ignorant fool, views ignorant, too  
Got a lot of money, keep militant tools  
Wasn't present the session they handed out the rules  
So I grab a tape and related to life's cruels  
The meaning?  
Pusha T's more than the semen  
Not just a rap name, more so like a damn shame  
Nothing's changed, just the crimes is less heinous  
The three of us know, yet the shooter remains nameless  
And I don't even watch my back  
I was raw before rap, and I ain't lost my past  
Shit could get hairy, I could lose my-self in a flash  
Niggas'll think I'm Jim Carrey how I off that "Mask"

I even went by the book at first  
Until I realized 9 to 5 wouldn't quench my thirst, so I  
Start my mission, leave my residence  
Mama knew that I child like me had better sense  
But something had to give, that's real I had to live  
I chefed that soft white and pumped from her crib  
Scouts honor started with my grandmama  
Who distributed yay she had flown in from the Bahamas  
Partner, please, I grinds, I hustle with ease  
Can damn near eyeball any weight in my sleep  
I don't entertain hate surrounding the street  
If I was you, I'd be trynna get down with me  
But no, see these niggas know too much  
Meanwhile I rock jewels that look like my diamonds blush  
Cats act as if rap fell in my lap  
I've suffered heartbreak many times back to back  
And still feel belittled sittin' here spittin' riddles  
Amongst clown ass rappers who tend to give me the giggles  
Let 'em take it however they wanna take it  
I'm the reason your favorite MC's no longer your favorite  
Hey, I one of the greats, I can't lie  
I mean great to the point I'm concerned I might die  
Make no mistake, Malice is who you tune to  
It's all in the name, trust, I will wound you
