

What It's Like To Be Me

Clique Girlz

How do I even begin
You're all up under my skin
Before I speak, I hear you instead
Do you think you could leave
A little air I could breathe
Can't get your voice out of my head
Is there nothing that you don't know everything about
All this I told you so is something I could live without
Chorus
You tell me how to think and you tell me how to live
You tell me how to take, and tell me how to give
I guess you wrote that book on what a girl's supposed to be
But you don't know what it like to be me
To be me, to be me
What its like to be me
Yeahhhhhhhhhhh
So have you ever been wrong
Can you remember that long
Or should I rephrase that question
Can you look at yourself
Like you do with everyone else
Can I make one suggestion?
Just for once in your life could you listen to someone else
I know you might get confused hearing someone beside your self
Chorus
You tell me how to think and you tell me how to live
You tell me how to take, and tell me how to give
I guess you wrote that book on what a girl's supposed to be
But you don't know what it like to be me
To be me, to be me
What its like to be me
Yeahhhhhhhhhhh
I think its time to the position
Do I have to scream out or sign a petition
To get you to listen yeahhhhhhhhhhh
Chorus
You tell me how to think and you tell me how to live
You tell me how to take, and tell me how to give
I guess you wrote that book on what a girl's supposed to be
But you don't know what it like to be me
To be me, to be me
What its like to be me
You don't know what its like to be me
Chorus
You tell me how to think and you tell me how to live
You tell me how to take, and tell me how to give
I guess you wrote that book on what a girl's supposed to be
But you don't know what it like to be me
To be me, to be me
What its like to be me yeahhh
TO BE ME !!!!!!!!!
