

## Pretty (She Can Save You)

Cloud Cult

You're so pretty, would you stand beside me  
You're so pretty, would you stand beside me  
Maybe they will think I am beautiful like you  
You're so pretty, would you lay down by me  
You're so pretty, would you lay down by me  
Maybe you could help me feel beautiful too  
Maybe we could understand each other  
Maybe we could finally feel in love  
Maybe we could...  
Maybe we could...  
Maybe we could finally feel okay
