

## Ready to Fight

Cloud Cult

I always thought that I was weaker than you  
And I've all this anger I've been holding in  
I've got the vengeance of sixty million buffalo inside my heart  
[?]

You can tear me down, but I will not give in

I'm ready to fight  
I'll spend my whole life fighting  
I'm ready to fight  
I'm ready to fight

There's almost no one left to miss that's you [?]  
Don't eat the bullshit of what's feeding you  
I know it's hard to see how truly brainwashed you have all beco  
me  
You can never make me into one of you

I'm ready to fight  
I'll spend my whole life fighting  
I'm ready to fight  
I'm ready to fight

I'm ready to fight  
I'll spend my whole life fighting  
I'm ready to fight  
I'm ready to fight

I'm ready to fight  
I'll spend my whole life fighting  
I'm ready to fight  
I'm ready to fight
