Prosperity gospel just ain't our thing  
The riches we seek are fit for no king  
If you desire material worth  
The truth of the matter is you're in the wrong church

Transient fundamentals  
All are welcome in this holy temple

We greet each other in codified rhyme  
Scratch off the numbers to call the divine  
If you're in need of miraculous works  
We have good news you're in the right church
