Clyde Carson

Nah, An I know
What to say to get ya hands up
An I know
When you hear this you gonna stand up
I go blow and throw
In the middle of the dance floor
Now every body let your hands go
Don't hold back mama move (move)
Dis right here the lil groove (groove)
So easy and so smooth (smooth)
We can get loose just
Put down ya drinks so we can two step

Hit the Club with my stunner's on
Baby I came to party, who you rubbin on?
Rock with me in the comfort zone
You know that 1, 2 step
With the left, right with the rhythm, go
