

# Bring 'Em Out

Clyde Carson

[Intro/Outro]

I won't deny it, I'm a straight rider  
Baby, wanna fuck with me?  
On a late night, she just wanna creep  
On her boyfriend, she just wanna cheat

Top down blunt lit, cup full  
Fast lane turnt, got us and off the half lane work  
Throwin money while she on stage  
They only know about code name champagne  
But we ain't at the club. Lil act right have her actin up  
I'm in a muscle car  
Seven deuce cut, keep the trap tight  
Never loosen up, get shit done  
Call shots, something new up off the car lot  
Her top off, I'm get a hard top  
Pull up when that car stop

All you see is, niggas having uncle whip shinin  
Stuntin on these niggas  
Without tryin'  
Stuntin on these hoes  
They know I'm buying  
It's on me  
We ain't hidin

We bring 'em out  
Hot cars  
Champagne with hot broads  
We bring 'em out  
On call  
Ready to go  
It won't stall

Giuseppe heels, Celine bag  
Look like she hop out a Kings match  
She want the real, I want the cash  
She know the deal, don't get her past  
I smell like O.G, sipping codein  
But I never slow it down, still going O.T  
Doing hard in the game like it's post-season  
Ten chains on, no reason  
Club life, Thug life  
We brought the hoes out  
So get right  
Money fall out  
The card swipe  
Before this party  
Bitch, real life  
Club life, Thug life  
We brought the hoes out  
So get right  
Money fall out  
The card swipe  
We hit the party  
Pull up all types

All you see is, niggas having uncle whip shinin  
Stuntin on these niggas  
Without tryin'  
Stuntin on these hoes  
They know I'm buying  
It's on me  
We ain't hidin

We bring 'em out  
Hot cars  
Champagne with hot broads  
We bring 'em out  
On call  
Ready to go  
It won't stall

I won't deny it, I'm a straight rider  
Baby, wanna fuck with me?
