

# Ol Thang Back

Clyde Carson

She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that  
She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that  
Old thing back  
She want that old thing back  
Old thing back  
She want that old thing back

She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that

These other bitches out here ain't got nothing on you  
I don't even know why I be fronting on you  
Hate to see another nigga loving on you  
That's why I'm trying to figure out what's the next move

Yeah can we make up  
Can we try this shit again  
I ain't ready to give up  
I done reached out, I've been calling  
But that still ain't enough  
You gon' make me do some hood shit  
And just had to show up  
And you got me working hard just to get your attention  
Whatever I could do just to let you know I'm serious  
I'm just trying to see how you're doing  
Hey I'm curious  
Playing hard to get but I'm knowing that you're feeling it

She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that  
She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that  
Old thing back  
She want that old thing back  
Old thing back  
She want that old thing back

She want that old thing back  
Before the arguments and all the misunderstandings  
[?] around the house  
I know you miss all the playing  
Trips around the world  
I know you miss all the planes  
Where did we go wrong  
Fuck it, I'll take the blame

They say the hardest thing in the world to do is change  
Brought another life into this world on mistake  
Ooh we was doing something wrong but would never trade  
That situation turned me into the man I am  
Got me thinking about putting jewelry on that hand  
Take responsibility, you know that I'm gon' stand  
We forever linked together  
Yah your fam my fam  
So if you need something  
I'll make sure you need nothing  
I'm on my feelings with you  
That's 'cause you mean something  
Ain't the nigga out here that's gonna be fronting  
And I know you feel the same about me, don't ya?

She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that  
She want that old thing back  
I just needed time to get away for a sec  
I be thinking about you everyday when I'm stressed  
You the only one that hold me down like that  
Old thing back  
She want that old thing back  
Old thing back  
She want that old thing back
