

# Short Stop

Clyde Carson

Hey I Made This Beat

(Yeah)

Some new, I had to dip through, had to short stop  
Let 'em know that I am the reason Rolley no tic toc  
Finger up, I need my issue, nigga, no lie  
I did pay my dues, let me have my time  
 Fucked about around my waste, trust some drink, though  
In the tank pesos, money we don't wait for  
You end up on me, you lay, no hate though  
Got you game, what now, still on the change for

Time is money, make it quick, I gotta go  
I like seein' it in bundles, rubber bando  
On the dice a couple Benzes, what I here for  
I be tired, but I know I gotta man up  
Out of state, pushin' packs with the next dude  
Condo on the water, I see the Bay Bridge  
Collecting kick amount, yeah that's a ritual  
Thirty days of trap and now in Vegas  
I'm on their neck, they know I'm a threat  
I got some twenties, fifties, hundreds piled up on my lab  
Let's run up a check, let's run up a check  
They wanna see a nigga that the love, life and in flesh

(Yeah)

Some new, I had to dip through, had to short stop  
Let 'em know that I am the reason Rolley no tic toc  
Finger up, I need my issue, nigga, no lie  
I did pay my dues, let me have my time  
 Fucked about around my waste, trust some drink, though

If I'mma bet on me, I take my chances  
My worst before [?], and I do magic  
Remix turn the basic to the baddest  
We are not the same, 'cause I'm the average  
Aquafina, on my drip, yeah, I'm a dreamer  
Come the clean-up, we step out, we tear the scene up  
In the Beamer, pullin' up to the casino  
Talkin' [?]  
Talkin' cheap, until I see more  
Run around the world with a world-wide nigga  
(World-wide nigga, world-wide nigga)  
Like Tony told, she go want the world, my nigga  
(World my nigga, world my nigga)

Some new, I had to dip through, had to short stop  
Let 'em know that I am the reason Rolley no tic toc  
Finger up, I need my issue, nigga, no lie
