

Dream

Coco Jones

I said God, I'm ready for my dream
Make sure that he's loyal and he loves me for me
And when you bring him I know what I'll do
I'll tell him every day that he's my dream come true

True
You're my dream come true
Baby you're my dream come true
You're my dream come true
(True)

Pulled up by the fireplace
I want you in every way, my shawty
Make you feel like Saturday
I don't wanna be away, you got me
From another world so baby show me
I don't care what anybody told me
Love me like crime
Do me like time, oh baby

True
You're my dream come true
Baby you're my dream come true
You're my dream come true
(True)
