

Intermission

Coco Jones

I've been sendin'
You a signal
And I hope that you would notice
'Cause you got me floatin'
Like petals, out a window
Yeah, you got me fallin'
And you always callin' at

Three AM to kick it
Four AM kisses
Bottom lip bitten
Then we intermission

Got my head all dizzy
Like champagne sippin'
Bottom lip bitten
Then we intermission

(Chorus)
While you're standing there
You should say something
Say something
'Cause we're almost there
You should say something
'Cause I been waiting all night for
In-ter-miss-ions
In-ter-miss-ions

So tell me
What's the issue
'Cause I can see you want it
And I want you all on my body
Like a tattoo
If I'm being honest
You know you always calling at

Three AM to kick it
Four AM kisses
Bottom lip bitten
Then we intermission

Got my head all dizzy
Like champagne sippin'
Bottom lip bitten
Then we intermission

(Chorus)
While you're standing there
You should say something
Say something
'Cause we're almost there
You should say something
'Cause I been waiting all night for
In-ter-miss-ions
In-ter-miss-ions

Hey

Three AM to kick it
Four AM kisses
Bottom lip bitten
Then we intermission

Got my head all dizzy
Like champagne sippin'
Bottom lip bitten
Then we intermission
