Far Away

CocoRosie

Would you go
If they came?
With open arms,
Far away

Maybe
RIP humans
Tears for animals
Animals, animals and nature
Did you ever feel an alien?
Woods
RIP your blood type
Is as delicate as night
Imagine my father
Did feel, feel, feel, feel me
I was RIP
RIP

Would you go
If they came?
Open arms,
Far away

Would you go
If they came?
Open arms,
Far away

My love letters...

My father did me nature
Nature, nature, nature
I was one year past three
Maybe nature
