

## Feet-Like Fins

Cocteau Twins

So down, down, down down  
Never better, never better  
Don't say so, never at all  
Down, down, oh no  
Down, down, oh down down  
Down, oh, down  
Down, so long, forever best

Down, down to me  
Down, down  
Down, down oh  
Down, down to me  
Down, down is our love  
Down, down is our love now  
Down, down, down, oh

'Cause you're a  
Bad guy gal  
Gargamelle  
Hello Rian

Can you tell  
The need I see  
When I doubt  
The cure he had

Know that  
Jesus knows  
Who's he inside  
Bats are his guide

Know that they want  
Easy gal  
That's what she's called

Send them flecks of love  
Let Florrie know  
Let go ... my god

Don't tell us how you are lost to  
What he does without your love

How he fell, never before  
Never love  
That's true

He's the better and weaker one  
Oh, so lost  
He'll be yours soon after this
